

# Study Point Exercise-1

August 26. 2016

You can earn a maximum of **5** points for this exercise as outlined below:

- |            |                                                               |
|------------|---------------------------------------------------------------|
| 1. 1 point | At least three exercises from "Exercises Threads-1 Fall 2015" |
| 2. 1 point | At least three exercises from "Exercises Threads-2 Fall 2015" |
| 3. 1 point | Exercise 3 from Java Socket Exercises-1                       |
| 4. 1 point | Exam-preparation-2_Threads.pdf                                |
| 5. 1 point | Exam-preparation-3SocketsAndThreads.pdf                       |

If you hand in via mail, you can get the additional "attendance point" if your score is **THREE** or above and you have completed either 4 or 5.

## When to hand in

If you hand in via mail, send a mail as described below no later than **Friday, August 26<sup>th</sup>. 15.00**

If you attend the class, you can demo your solution up until **15.45**

These deadlines are hard. The tutors are paid until 16.00 and are **not** expected to continue after that
